

Plant and animal cells

Name _____

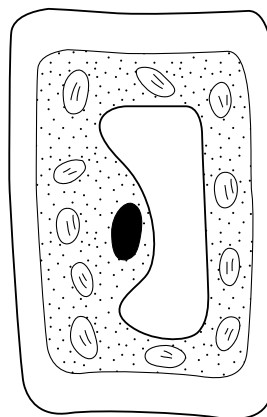

Class _____

- 1 Draw lines from the words to the correct part of each cell.
The words can be used more than once or not at all.

This is a diagram of an _____ cell

- cell surface membrane
- cell wall
- chloroplasts
- cytoplasm
- nucleus
- vacuole

This is a diagram of a _____ cell

- 2 In the blank space in the sentence underneath each diagram, fill in the word **plant** or the word **animal**.
- 3 Draw lines from the parts of cells to their functions.
The first one has been done.

PART OF CELL

FUNCTION

Cell surface membrane	Tells the cell what to do.
Chloroplasts	Keeps the cell together and controls what goes into and out of the cell.
Nucleus	A jelly-like substance. Many of the cell's activities happen here.
Cell wall	A storage space filled with cell sap.
Cytoplasm	Green discs that allow the plant to make food by photosynthesis.
Vacuole	Supports the cell.
